

EL TEEIMP

VALLE D'AOSTA ROSSO DOC

Taking risks is the key word in Henri Anselmet's career, and he could only deal with important grapes such as Merlot and Syrah. And the result is highly positive, having managed, over the years, to tell the story of two of the greatest grape varieties in the world, and also validate the extraordinary worth of the Aosta Valley territory by creating an international perspective that speaks **patois**.

FIRST VINTAGE 2016
